Rider hasn't had the best winning percentage lately - may have to give a pass. Difficult to figure this animal winning after finishing in the rear last time. Didn't exhibit much intestinal fortitude during the stretch drive last time - be cautious with him.

Class jumpers out of this trainer's barn have produced some of the most favorable returns in this group (52 starts, 15% wins, +91% ROI). Tough to figure this animal winning after finishing at the back of the pack last time. When this jock and conditioner are put together you have to take a look.

Have to place a wager on him if he goes off at a nice price with such a strong power rating. Wilted in the lane last race out - may do it again today. Have to be leery with mounts trained by R Sanchez-Salomon right now - on a losing streak.

🐎Horses off the layoff from this trainer's barn have not produced the best gains in this group (26 starts, -67% ROI). 🐎Have to be leery with entries trained by John J Robb right now - on a bit of a cold streak.
 🐎Race horse is on a nice winning skein - may keep it going.

Put forth a strong effort in the last affair. Lately, this jockey and conditioner haven't been winning when they team up. Handler has had difficulty winning races these days.

🐾This filly is in good condition, having run a good race last time out. 🐾Hasn't scored a victory recently - not worth it on this horse today. 🐾Rojas Walter N Biava can make a nice-priced score with this mount. Nice power rating.

⚠️Sire's offspring have not shown good dividends on the grass (9% wins, -35% ROI). ⚠️This racer coming off a sharp contest in the last 30 days is definitely live. ⚠️Hasn't scored a victory recently - not worth it on this equine today.

This gelding is in good condition - finished strong in last outing. Could run better than relied upon with such a strong power rating - strong long shot play. Last win was an easy one.

Good power rating - probable odds underestimate this gelding's possibilities - nice price potential. Invest in this angle - coming back off a sharp effort within the last thirty days. This Sire's foals have not produced positive dividends when on the turf (749 starts, 7% wins, -49% ROI).
