This jockey is on a cold streak. This racer didn't finish near the front of the field last time around the track. Didn't show much courage during the stretch drive last time - be cautious with her.

Don't pass on this entry, (27 starts, 37% wins moving a horse down the class ladder). Nice return on investment for this jockey and trainer twosome. Tough to invest in this horse after the disappointing stretch run in the last affair.

Can't bet on this gelding with his sire's lack of success with first time starters. This rider/conditioner combo is cold right now - not a high win percentage together. May have to pass on this one - trainer hasn't had the best of luck these days.

Has found a soft spot in today's event. The stretch effort in the last race leaves much unanswered. Tough to figure this animal winning after finishing towards the rear last time.

He doesn't have the winning nature, tough for him to get it today. Have to be leery with animals trained by Joaquin E Garza right now - on a bit of a cold streak. Could be tough to wager on after that last stretch drive.

Scott E Young has recorded sharp dividends with horses moving down in class (64 starts, 25% wins, +24% ROI). This gelding wilted in the homestretch - not a good sign. May have to skip this horse - handler hasn't had the best of luck in recent times.

This pony coming off a good try in the last month or so is definitely live. Can't ignore the in the money finish last race out. Surprise package - the rest of the crowd may miss out on this one, ranked well on power rating.

This jock is on a cold streak. Tough to play this horse after the disappointing stretch drive in the last event. Don't really like the most recent undertaking - in the back of the pack.

This rider and handler have a positive ROI when they team up. Ronnie E Cravens III is a strong trainer with recent claims. This less than stellar equine will have a tough go today - he just doesn't win very often.

Strong return on investment for this jock and trainer duet. Can't make a habit of betting on ponies that rarely win. Tough to support any horse that runs as well as he did, then lays up and doesn't workout.

This gelding is in exceptional form right now - ran well. Tony Rengstorf has solid numbers with this gelding that point to a very solid contender. Jock hasn't had the highest winning percent recently - may have to give a pass.

Cesar Govea has not gotten the best out of this gelding (27 starts, 7% wins). Give this gelding a good chance - ran a sharp race last time around the track within a month. This is a horse that just doesn't win - can't play him.

Do not skip this one based on Size's offspring turf numbers (559 starts, 15% wins). Terry Eoff's ROI with this horse (+76%) automatically make them a profitable contender. Didn't display enough mettle in the lane last time.
