Leslie Montford hasn't been victorious when putting John W Lloyd up aboard. This Sire's foals have not produced good profits with 1st time starters. May have to pass on this one - jock hasn't had the best of luck over the last month.

Big victory in last race. Rider and handler haven't had much recent good fortune together. Trainer has shown the most favorable results in this field (26% wins) with horses off the layoff.

Not in the top half of the field last time out. Tough to play this animal with this conditioner's lack of recent good fortune. Tread lightly with this one - connections have been not in sync when teaming up.

A pony coming back this promptly after a solid race is a good sign. Jockey and trainer haven't had much recent success together. Recent claims from this trainer's barn have not produced the best returns in this group (-100% ROI).

Long shot special - the public may miss out on this horse, ranked well on power rating. Didn't finish near the top of the field last affair - might have to expect the same today. Tough to play this filly today - trainer on a down cycle in recent times.

Don't really like the last effort - in the back of the pack. May have to let go of this one - trainer hasn't had the best of luck in recent times.

Play this angle - coming back off a nice effort within the last thirty days. Racer added bandages in his last clash - not a good sign. Can't make a habit of betting on horses that rarely win.

Surely see favorable signs for this magnificent animal right here. Recently, this trainer has not produced good profits for bettors with horses moving down in class. This entrant didn't finish near the front of the field last time around the track.

Don't really like the recent venture - in the back of the pack. Last race was strong, but the lack of any recent activity raises some concerns.

Difficult to figure this horse winning after finishing at the back last time. Hard to play this gelding today - rider's winning percentage recently has been lackluster. Players should feel comfortable with this pick given the solid Trainer/Horse record (10 starts, 20% wins).

When Jomar Torres and Erin C McClellan work together - the return on investment has been wonderful. Lost ground down the lane in the last event. Didn't finish in the top half of the field last race - might have to expect the same.

☹️Good power rating - morning line odds underestimate this horse's possibilities - strong price potential. ☹️This jock/conditioner combo is cold right now - not a high winning percent together. ☹️Ran well in last outing, but hasn't had nary a morning drill since then.

Should run better than counted upon with such a strong power rating - very strong value play. This jockey/handler combo is a bit cold right now - not a high winning percent together. Just not a worthwhile play - trainer not winning many races recently.
